

We loved the Hakuba Valley in Japan, we were ecstatic about Serre Chevalier in France, but this year we're going to the "Best of the Alps"...

st. Anton^{am} Arlberg

March 2-10, 2007

Our international destination this year is a modern holiday resort that has retained its traditional appeal over the years. This cozy little town of 2500 inhabitants has always maintained its genuine ambiance and charming atmosphere. Welcome to St. Anton am Arlberg, a truly unique recreation paradise for the whole family. Relax and unwind at an elevation of 4,265-ft. where crisp and clean mountain air is guaranteed! This is Austria's finest ski area with over 160-miles of prepared pistes and 114-miles of deep snow runs! Experience genuine Tyrolean hospitality and spend the most beautiful skiing days of the year among friends. Hospitality and Tyrolean customs are as much a trademark of this village as its international, cosmopolitan character.

Our stay in the St. Anton am Arlberg area will be eight days and seven nights, and we'll be skiing all the major pistes in the area, including the St. Anton, St. Christoph, Stueben, Lech, Oberlech and Zurs areas. Join the NJ Ski Council for a phenomenal skiing vacation experience in an area that has been rated the "Best of the Alps" for five straight years!
