"Skiers & Boarders CARE"

Hurricane Irene Relief Fund

The NJ Ski & Snowboard Council, Inc. continues to reach out to our ski clubs and winter sports enthusiasts for their support of "**Skiers & Boarders CARE**," a disaster relief fund sponsored by the Council to aid our beloved mountain communities devastated by Hurricane Irene. Almost all of Vermont and many areas in New York saw flooding and damage not seen in 100 years. In August, you undoubtedly viewed countless images of widespread damage that was hard to comprehend. Communities throughout the area are still struggling to recover and will face serious challenges for many months if not years to come. Many saw their homes and businesses completely destroyed. Countless were without insurance and remain in dire need of assistance. This will be a very bleak holiday season for those who suffered such severe losses.

As we return to our "winter playgrounds" this season, we should not forget our dear friends in their time of need. 100% of monies collected will be donated to charities in the affected areas. Please make contributions payable to:
