

Winter is hanging on and with at least a month of skiing left, so what better time to start thinking about this year's camping / rafting trip! This will be our 18th annual, and it seems every year gets better with more members and friends joining in on the fun. Be sure to save the date!

The trip this year is Friday, July 7 through Sunday, July 9 and will be full of the great stuff we have come to enjoy. Hanging out around the fire Friday night with some live, acoustic music in the Craigmour section of the campground. Floating down the river Saturday with a fun stop at lunch island. Of course, tubing at skinner's falls before the float is always available too. We would like to get back to doing a group BBQ on Saturday afternoon when everyone gets back to camp. At this time, though, all leads that we've looked into for food have fallen through. So now we are hoping someone from the club can step up and run the BBQ (with help from other members of course). Please reach out if you are interested in pitching in! Later Saturday evening will include live music in the pole barn with Joe and company, plus fireworks after the sun goes down. Afterwards share some time with friends around the campfire or perhaps a game of left right center? All in all, a great fun filled weekend, we can't wait to see you there!

I'm helping to put this year's weekend together with Jeff. Please reach out (201)-294-0404 with any questions or if you are interested in getting involved with the Saturday BBQ. Registration with pricing and waivers to follow.

pricing for the trip (these prices are all in, including music and building usage fees):

Adults (over 12yrs old)

\$25. / night camping

\$45. / water craft rental

kids (under 12 yrs old)
